## YOUR ECONOMICS · IF YOU RESELL AT OUR RETAIL

| Plan      | Our retail / mo | You pay (30% off) | You keep / mo |
|-----------|-----------------|-------------------|---------------|
| Starter   | \$900           | \$630             | \$270         |
| Growth    | \$1,560         | \$1,092           | \$468         |
| Signature | \$2,070         | \$1,449           | \$621         |
| Scale     | \$2,520         | \$1,764           | \$756         |
| Engine    | \$2,850         | \$1,995           | \$855         |

A 20-client book at Signature:  $621 \times 20 = 12,420$  / mo. That recoups the \$30,000 setup in about 3 months, then it is pure margin.
